

Elenco delle 12 pubblicazioni più significative

1. Mulargia F., Quarenì, F., Estimation of the leading order anharmonic parameters from available thermodynamic Data, *Phys. Stat. Sol. (b)*, **163**, 91-98, 1991
2. Ciccotti, M., Gonzato, G., Mulargia, F., The double torsion loading configuration for fracture propagation: an improved methodology for the load-relaxation at constant displacement, *Int. J. Rock Mech. & Mining Sci.*, **37**, 1103-1113, 2000
3. Ciccotti, M., Mulargia, F., Pernicious effect of physical cutoffs in fractal analysis, *Phys. Rev. E*, **65**, 037201-4, 2002
4. Mulargia, F., Geller, R.J., *Earthquake Science and Seismic Risk Reduction*, Kluwer, Dordrecht, 347 pp., 2003
5. Mulargia, F., Castellaro, S., Passive imaging in nondiffuse acoustic wavefields, *Phys. Rev. Lett.*, **100**, 218501-4, 2008
6. Mulargia, F., The seismic noise wavefield is not diffuse. *J. Acoust. Soc. Am.* **131**, 2853–2858, 2012
7. Mulargia, F., Bizzarri, A., Anthropogenic triggering of large earthquakes, *Nature Sci. Rep.*, **4**, 1-7, 2014
8. Mulargia, F., Kamenchtchik, A., The gravitational resolving power of global seismic networks in the 0.1-10 Hz band, *Phys. Lett. A*, **380**, 1503-1507, 2016
9. Mulargia, F., Stark, P.B. and Geller, R.J., Why is Probabilistic Seismic Hazard Analysis (PSHA) still used?, *Phys. Earth Plan. Int.*, **264**, 63-75, 2017
10. Mulargia, F., Cosmic signatures in earth's seismic tremor?, *Monthly Not. Roy Astr. Soc. Lett.*, **464**, L11-L15, 2017
11. Mulargia, F., Visconti, G., Geller, R.J., Scientific principles and public policy, *Earth Science Rev.*, 2014-2021, 2018
12. Mulargia, F., Unexplained spectral peaks in Earth's tremor, *Geophys. J. Int.*, **200**, 1279-1283, 2019
